Use of Complimentary Alternative Medicines (CAM) in the Self Care Movement: A Role for the Pharmacist

Kimberly Braxton Lloyd, PharmD

- Define complimentary alternative medications.
- Discuss the history of regulation in the United States.
- Discuss trends in use among different demographic groups.
- List the most common alternative medications used by Americans.
- Discuss issues concerning efficacy and safety of these products.

Complimentary Alternative Medicines (CAM) in Women's Health: Are they helpful and should you recommend them?

Kristi Kelley, PharmD, BCPS, CDE

- Review classification of premenstrual syndrome (PMS), vasomotor symptoms associated with menopause, and osteoporosis.
- Discuss evidence supporting alternative therapies for PMS, vasomotor symptoms, and osteoporosis.
- Detect and interpret drug interactions between conventional therapies and potentially effective alternative therapies.
- Describe a patient-centered disease management plan incorporating CAM in women's health.

Use of Complimentary Alternative Medicines (CAM) in Psychiatry

Cherry W. Jackson, PharmD, BCPP

- Discuss the common uses of alternative therapies in psychiatry.
- Review the dosing, pharmacology and pharmacodynamics of certain products.
- Outline the adverse effects and potential drug interactions associated with these alternative medications.
- Describe the data supporting the use of complimentary alternative therapies in psychiatry.

Complimentary Alternative Medicines (CAM): Effects on Hemostasis and Antithrombotic Therapies.

Lori Hornsby, PharmD, BCPS

- Describe the effects of complimentary alternative medicines on normal hemostasis.
- Review the available data concerning drug interactions with alternative therapies and antithrombotic agents.
- Discuss concerns inherent to the use of alternative therapies in patients receiving antithrombotic therapy.
- Provide an overview of efforts to prevent, identify, and report adverse effects and drug interactions effecting coagulation and antithrombotic therapies related to the use of alternative supplements.

Requirements for Home Computer Participants

Home Computer Users will need the following:

Computer with keyboard

High Speed Internet Access

Real Player (free download)

Recent Browser (Internet Explorer 6 or better)

Accessible e-mail account (for communications during the program)

Auburn University is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education; credits are recognized nationwide.

Registration and Fees

Complete the registration form and mail it along with the appropriate fee to:

Harrison School of Pharmacy, Office of Post Graduate Education, 2320 Walker Building, Auburn, AL 36849-5504. Attn: Bridgett Marshall

You may pay by check* or credit card (MasterCard and Visa, no debit cards). You may also fax your registration form to **334-844-8353**. Pre-registration is **strongly** encouraged. Lack of pre-registered participation can lead to program cancellation. * Please make checks payable to: **AUHSOP**.

Refunds

If you are unable to attend a program, refunds will be made. We will, however, retain a \$10 processing fee and require a written request for the refund. The request must be received in our office **prior** to the start of the program. No refunds will be made after the program begins.

Statement of Credit

Each program is ACPE approved for a specified number of continuing education hours. In order to obtain credit, the entire program must be attended. No partial credit will be given. The Alabama State Board of Pharmacy requires that each participant sign out at the conclusion of the program. A statement of credit will be mailed to you within four weeks of completion of the program. The statement of credit should be retained as proof of attendance in the event of an audit by the State Board of Pharmacy.

Cancellations

Each program is subject to postponement or cancellation if the required minimum number of registrants is not met at least 30 days prior to the program.

Acknowledgements

Acknowledgments: Auburn's Harrison School of Pharmacy appreciates the assistance of the Pharmacists, Directors, Hospital Administrators and other site moderators who present these programs. Also, the School's Office of Post Graduate Education recognizes and appreciates the assistance of the faculty in making this program possible.

Disclosure Policy:

It is the policy of Auburn University's Harrison School of Pharmacy, Office of Post Graduate Education to insure balance, independence, objectivity, and scientific rigor in all its sponsored or jointly sponsored educational programs. All faculty participating in these programs are expected to disclose to the program audiences any real or apparent conflict(s) of interest related to the content of their presentation(s), including any corporate sponsorship of speaker.

Auburn University is committed to providing accommodations and services to students with documented disabilities. Students who have questions or need special accommodations to participate in distance education courses should contact The Program for Students with Disabilities, 1244 Haley Center, Auburn, AL 36849; Ph: (334) 844-2096; Fax: (334) 844-2099; Email: haynemd@auburn.edu; web: <http://www.auburn.edu/disability>.

Auburn University is an equal opportunity educational institution/employer.
